To: CUPE Health Care Local Presidents (Locals 3967, 4777, 4980, 5111, 5999)

From: Gordon Campbell, President CUPE Health Care Council

Re: Good Food Certificates of Recognition and Achievements

The CUPE Saskatchewan Health Care Council, the Good Food Committee and CUPE Health Care Locals continue to ensure that the public accessing health care in our health regions continue to receive food services using the best practices possible.

The Health Council would like to recognize facilities in CUPE health care regions that continue to use best practices when delivering food services. We have developed a program in which our members can participate by nominating health care facilities in their region. The three categories that health care facilities can be nominated in are as follows:

- **Category #1: The Food Excellence Certificate**
- **Category #2: Supporting the Local Community Certificate**
- **Category #3: The People's Choice Award**

Please find enclosed/attached the nomination forms for distribution to CUPE members for submission to the Health Care Council for the nomination of health care facilities.

Deadline for submissions is September 7, 2007.

In solidarity,

Gordon Campbell
CHCC President
