

I am a very disappointed Health Care Worker from Big River Health Centre. We have been trying to negotiate a contract for almost 2 years. This is Shameful. I know it and my family knows it and my friends know it.

Getting to it would be beneficial to all parties involved. What a waste of tax payers \$. Wasteful and Shameful and Everything else that goes along with those 2 words. We are the workers and we are tax payers and 2 say Get to it!!! Get our Contract Signed! A Fair Contract!!!
